

User Documentation - G.T.H.C

Game Tenting Help Center (GTHC)

This document serves to describe how the application can be used for non-technical users of the app in the form of HowTo Videos, Help Files, and documentation.

Frequently Asked Questions:

Who can access the GTHC application?

All Duke Students are able to access the GTHC application. The application is meant to be a resource for Duke students to be able to tent for the Carolina game and plan around their busy schedules.

What features does the GTHC application provide?

Overview of Key Features:

1. Scheduler
 - a. Calendar/Schedule of shifts for individual tenting groups
 - b. Availability component that allows the user to input their availabilities
 - c. Add/Drop shifts in Calendar
2. Dashboard
 - a. Provides an overview of hours put in for each individual in the team
3. Tenting 101
 - a. Provides a step-by-step process of all things tenting
 - b. Advice from Line Monitors and past tenters gathered through survey and K-Ville Interview Data
 - c. FAQ for Tenting

Assumptions and Expectations

This application is not required for tenting. This application is a resource for Duke students for their benefit. Therefore, students can utilize our application or come up with their own way to schedule their shifts for tenting or use any previous methods they may have.
